agreement also establishment a separate board to appoint members to the board of trustees. That agreement is being terminated at the initiation of the city of Lansing.

Commissioner Mike Stieben said during a commission meeting Wednesday that he received a lot of calls and emails regarding the fire district. He asked about the next step.

Senior County Counselor David Van Parys noted that the Fire District No. 1 Board of Trustees has adopted a zero property tax levy for 2025. He said this expresses that the board does not intend to operate the fire district in 2025.

Van Parys said the County Commission can amend the fire district's boundaries, dissolve or leave it alone.

Van Parys said county staff will, at some point, recommend corrective measures to the commission. He did not elaborate on what those measures might be.

"Eventually, I think the (commission), in my opinion, will have to dissolve it because that's one of our duties," Commissioner Mike Smith said.

Smith, who previously served as the mayor of Lansing, said there are still funds involved so he is "trying to stay clear of it and let them work that out, but I think there will come a time, as the counselor says, that we'll have to make a decision on that."

Commission Vicky Kaaz, who participated in Wednesday's meeting by phone, said there seems to be an impression that High Prairie Township representatives will be meeting with commissioners next week.

County Administrator Mark Loughry said this is not correct.

Commission Chairman Jeff Culbertson said he was not aware of such a meeting.

Stieben said he does not want to have a meeting with High Prairie Township officials "until they have a specific proposal."

Smith said he feels like High Prairie officials are "trying to get us to commit to something that we're not going to be involved in."

The Fire District Board of Trustees has scheduled a work session for next week to discuss the transition.

Kellogg has requested the County Commission appoint the High Prairie Township board to serve as the governing body of Fire District No. 1 on a temporary basis in 2025. He has suggested the township can transfer funds to the fire district for its operation.

The Leavenworth County Commission:

- Found that an island annexation by the city of Basehor will not hinder the proper growth and development of the area. This finding was contingent on the Basehor City Council adopting a road maintenance agreement with the county.
- Approve a \$2 per ton gate rate increase for loads dropped off at the Leavenworth County Transfer Station.
- Voted to initiate eminent domain proceedings to acquire easements for a Tonganoxie Road project.

fund than it is taking in for that fund.

The bond and interest fund is used to pay off bond issues.

Last year, the individual mill levy rate for the bond and interest fund was reduced as board members approved a

revenue neutral budget. **Board members**

have been discussing a possible bond issue to address facility maintenance issues.

Board President Jeff Bollin questioned what will happen if a bond issue fails. He suggested the district needs to have additional money in its capital outlay fund for facilities.

He questioned where the district would cut in order to reduce the tax levy for the 2024-2025 budget.

Board Vice President Kerry Brungardt also questioned where cuts would be made.

Cawvey suggested the district could start by cutting administrative positions that have been added.

FRIDAY EVENING

Workman said the district spends a lot of money on digital curriculum. She suggested teachers can be invited to develop their own curriculum.

"Our students don't need iPads to be successful," she said.

Wood suggested the district does not need to add to its reserves at this time.
