Notice Concerning Proposed Kansas  
Air Quality Class I Operating Permit Renewal  
Notice is hereby given that the Kansas Department of Health  
and Environment (KDHE) is soliciting comments regarding  
a proposed air quality operating permit. HME, Inc. has  
applied for a Class I operating permit renewal in accordance  
with the provisions of K.A.R. 28-19-510 et al. The purpose of a  
Class I permit is to identify the sources and types of regu-  
lated air pollutants emitted from the facility; the emission  
limitations, standards and requirements applicable to each  
source; and the monitoring, record keeping and reporting  
requirements applicable to each source as of the effective  
date of permit issuance.  
HME, Inc., 2828 NW Button Rd., Topeka, Kansas 66618  
owns and operates a fabricated structural metal working  
and manufacturing facility located at 2828 NW Button Rd.,  
Topeka, Shawnee County, Kansas 66618.  
A copy of the proposed permit, permit application, all  
supporting documentation, and all information relied upon  
during the permit application review process are available  
for public review during normal business hours of 8:00 AM to  
5:00 PM at the KDHE, Bureau of Air (BOA), 1000 SW Jack-  
son, Suite 310, Topeka, KS 66612-1366 and at the Northeast  
District Office, 800 W. 24th St., Lawrence, Kansas 66046. To  
obtain or review the proposed permit and supporting docu-  
mentation, contact Angela Bryson, (785) 296-3589, at the  
central office of the KDHE or Wendi Kessler (785) 842-4600  
at the Northeast District Office. The standard departmental  
cost will be assessed for any copies requested. The proposed  
permit, accompanied with supporting information, is avail-  
able, free of charge, at the KDHE BOA Public Notice  
website, <https://www.kdhe.ks.gov/413/Public-Notices>.  
Please direct written comments or questions regarding the  
proposed permit to Angela Bryson, KDHE, BOA, 1000 SW  
Jackson, Suite 310, Topeka, KS 66612-1366. In order to be  
considered in formulating a final permit decision, written  
comments must be received no later than noon on Monday,  
May 12, 2025.

A person may request a public hearing be held on the  
proposed permit. The request for a public hearing shall be in  
writing and set forth the basis for the request. The written  
request must be submitted to Angela Bryson, KDHE BOA,  
1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later  
than noon on Monday, May 12, 2025 in order for the Secretary  
of Health and Environment to consider the request.  
The United States Environmental Protection Agency  
(USEPA) has a 45-day review period, which will start  
concurrently with the public comment period, within which to  
object to the proposed permit. If the USEPA has not objected  
in writing to the issuance of the permit within the 45-day  
review period, any person may petition the administrator of  
the USEPA to review the permit. The 60-day public petition  
period will directly follow the USEPA 45-day review period.  
Any such petition shall be based only on objections to the  
permit that were raised with reasonable specificity during  
the public comment period provided for in this notice, unless  
the petitioner demonstrates that it was impracticable to raise  
such objections within such period, or unless the grounds for  
such objection arose after such period. Contact Ward Burns,  
USEPA, Region 7, Air Permitting and Standards Branch,  
11201 Renner Boulevard, Lenexa, Kansas 66219, (913) 551-  
7960, to determine when the 45-day USEPA review period  
ends and the 60-day petition period commences.
