

Class Reunion

Clifton High School Class of 1963

From left, back row, Ray Bergstrom, Nancy (Tiemeyer) Padgett, Tish (Lambert) Simpson, Milton Leiszler, Bill Peterson, John Cook, Lyle Ross; front row, Shirley (Pedersen) Leiszler, Brenda (Howard) Anderson, Mary Ann (Sweet) Hedberg, Leo Reed; seated, Anna Mae (Singular) Gleason.

On Saturday, May 24, 2025, the Clifton High School Class of 1963 held their 62nd reunion at the home of Bill and Bryn Peterson. The reunion came in the form of an 80th birthday party as almost everyone in the class either has or will turn 80 years young before the end of the year. Of course the birthdays come with cake, in the way of beau-

tiful decorated cupcakes, and birthday cards where each one was a funny card picked at random and read aloud by the recipient. And of course there needed to be birthday presents, which was each gift being ‘what can you find for \$1.00 or less’. A challenge these days but proof it can be done. Throughout the afternoon was a time of remi-

niscing and catching up along with photo sessions. What seemed like an endless laughter fest made for a fun time being had by all.

Those attending were: Tish (Lambert) Simpson, Nancy (Tiemeyer) Padgett, Anna Mae (Singular) Gleason, Deanna (Bloomquist) Amstein, all of Manhattan; John and Linda Cook of Abilene; Lyle Ross of Clay Center; Ray and Sara Bergstrom of Washington; Brenda (Howard) Anderson of Wamego; Bill and Bryn Peterson, Milton and Shirley (Pedersen) Leiszler, Mary Ann (Sweet) and Gerald Hedberg, and Leo Reed, all of Clifton.

September 1st

Legal Notice

(Published in THE CLYDE REPUBLICAN, June 12th, 2025)
Notice of Hearing by the Clyde Board of Zoning Appeals

Notice is hereby given that a public hearing will be held by the Clyde Board of Zoning Appeals to consider a request for the change in the exception granted to Mike and Leah Cook dba Rock Island RV Park/Gallagher Plumbing & Heating, Inc. The property address is 401 Campbell Avenue in Clyde, Kansas. This hearing is to request additional RV sites added to the existing exception for RV Park/Tourist Camp approved on September 12th, 2022. The change will be made within the existing property area.

The public hearing will be held on Thursday, July 10th, 2025 at 7:00 p.m. at Clyde City Hall.

A hearing will be granted to any and all persons desiring to be heard on this request concerning the above-described change.

Christine M. Price
City Clerk

What is Juneteenth?

It is a federal holiday in the United States, and is celebrated annually on June 19 to commemorate the ending of slavery in the United States. The holiday's name, first used in the 1890s, is a combining parts of the words "June" and "nineteenth", referring to June 19, 1865, the day when Major General Gordon Granger ordered the final enforcement of the Emancipation Proclamation in Texas at the end of the American Civil War. The day was recognized as a federal holiday in 2021, when the 117th U.S. Congress enacted and President Joe Biden signed the Juneteenth National Independence Day Act into law.

Community Input Needed: Cloud County Health Needs Assessment Survey Now Open

Concordia, KS — North Central Kansas Medical Center invites all Cloud County residents to participate in the 2025 Community Health Needs Assessment Survey, open from June 11 through July 11. The survey is available online at nckmed.com and is an important opportunity for community members to share their perspectives on the overall health and wellness of the region.

Conducted once every three years, this survey helps identify the most pressing health concerns facing Cloud County. Once the survey period closes, local stakeholders—including healthcare professionals, civic leaders, and

public health experts—will review the results and work collaboratively to rank the most critical health needs. From there, a comprehensive action plan will be developed to address these issues with targeted, community-driven strategies.

All responses are anonymous, and the survey takes less than 10 minutes to complete. Topics include access to healthcare, mental health, chronic diseases, nutrition, and more.

Community input is vital. The success of this initiative depends on broad participation across all demographics and communities within Cloud County.
