

ECAP/

Except for the new CCC-943, most producers, especially those who have previously participated in FSA programs, likely have these forms on file. However, those who are uncertain and want to confirm the status of their forms or need to submit the new Form-943, can contact their local FSA county office. If a producer does not receive a pre-filled ECAP application, and they planted or were prevented from planting ECAP eligible commodities in 2024, they should contact their local FSA office.

More Information
To learn more about FSA programs, producers can contact their local USDA Service Center. Producers can also prepare maps for acreage reporting as well as manage farm loans and view other farm records data and customer information by logging into their farmers.gov account.
