**BEFORE THE STATE CORPORATION COMMISSION OF THE STATE OF KANSAS NOTICE OF FILING APPLICATION**

RE: Palomino Petroleum, Inc. -- Application of order to permit to dispose salt water into the Kaw #3, located in Marion County, Kansas.

TO: All Oil and Gas Producers, Unleased Mineral Interest Owners, Landowners, and all persons whosoever concerned.

You, and each of you, are hereby notified that Palomino Petroleum, Inc. has filed an application to commence the disposal of salt water into the Arbuckle formation at the Kaw #3, located 1450' FSL & 2012' FWL of Sec. 6-22S-4E, Marion County, Kansas, with a maximum operating pressure of 250# and a maximum injection rate of 2000 bbls. per day.

Any persons who object to or protest this application shall be required to file their objections or protests with the Conservation Division of the State Corporation Commission of the State of Kansas within fifteen (15) days from the date of the publication. These protests shall be filed pursuant to Commission regulations and must state specific reasons why the grant of the application may cause waste, violate correlative rights or pollute the nat-

ural resources of the state of Kansas. If no protests are received, this application may be granted through a summary proceeding. If valid protests are received, this matter will be set for hearing.

All persons interested or concerned shall take notice of the foregoing and shall govern themselves accordingly.

GENERAL NOTICE TO CONTROL NOXIOUS WEEDS

The Kansas Noxious Weed Law K.S.A. 2-1314 et seq requires all person who own or supervise land in Kansas to control and eradicate all weeds declared noxious by legislative action. The weeds declared noxious are Field Bindweed, Musk Thistle, Johnsongrass, Bur Ragweed, Canada Thistle, Sericea Lespedeza, Leafy Spurge, Hoary Cress, Quackgrass, Russian Knapweed, Kudzu, and Pignut. Notice is hereby given pursuant to the Kansas Noxious Weed Law to every person who owns or supervises land in Marion County that noxious weed growing or found on such land shall be controlled and eradicated. Control is defined as preventing the production of viable seed and vegetative spread of the plant.

Failure to observe this notice may result in the County:

1. Serving legal notice requiring control of the noxious weeds within a minimum of five days. Failure to control the noxious weeds within the time period allowed may result in the county treating the noxious weeds at the landowners expense and placing a lien on the property if the bill is not paid within 30 days or,
2. Filing criminal charges for non-compliance. Conviction for non-compliance may result in a fine of \$100 per day of non-compliance with a maximum fine of \$1,500.

The public is also hereby notified that it is a violation of the Kansas Noxious Weed Law to barter, sell or give away infested nursery stock or livestock feed unless the feed is fed on the farm where grown or sold to a commercial processor that will destroy the viability of the noxious weed seed. Cus-

tom harvesting machines must be labeled with a label provided by the Kansas Department of Agriculture and must be free of all weed seed and litter when entering the State and when leaving a field infested with noxious weeds. Additional information may be obtained from the County Noxious Weed Department or by contacting the Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, KS 66502.

Then Marion County Noxious Weed Department has the chemicals on hand that are needed to treat noxious weed problems

The chemicals we currently have on hand are as follows:

- 2,4D Amine available in 2.5 gal containers
- 2,4D Lo Vol available in 2.5 gal containers
- Dicamba available in 2.5 gal containers
- Remedy Ultra available in 2.5 gal containers
- Glyphosate (Roundup) available in 2.5 gal containers
- Milestone available in Quarts and 2.5 gal containers
- Escort XP available in 8oz and 16oz containers
- Plateau available in 1 gal containers
- Tordon 22K available in 1 gal containers (must have applicator license to purchase)

We also offer a cost share certificate of these chemicals to be used at the local coops, Ag Service, and API. You must own or farm land in Marion County to be able to purchase the chemicals or use the cost share certificate program. These chemicals and cost share certificates are for the control of noxious weeds in Marion County.

Also we are concerned with sensitive plants, so if you have grape vines, organic plants or concerns about us spraying in front of your property, please give us a call. We can put you on our no spray list. If you have been on the list in the past, please call and make sure we still have you on the list.

Thank you,  
Josh Housman  
Noxious Weed Director

RESOLUTION NO. 2025-08 A RESOLUTION PERTAINING TO OPEN BURNING OF PASTURE, TILLABLE FARM GROUND, CONSERVATION RESERVE PROGRAM LAND, WATERWAYS, RIGHTS-OF- WAY AND OTHER LAND AND REPLACING RESOLUTION 2017-27.

**WHEREAS**, the grass and crop land of Kansas forms an important part of our economy, and provides for the protection of watersheds, forage for livestock, refuge for wildlife and recreational opportunities. Recognition that proper land management and agricultural economics may require the utilization of controlled prescribed burns is imperative. Many positive effects in ecosystems may be realized by correctly timing and conducting prescribed burns, netting ecological and economic benefit. However, wildfires endanger those resources, real and personal property, and the lives of residents and visitors in these areas; and

**WHEREAS**, dry and windy weather conditions and above normal temperatures, combined with open public burning without consulting local fire departments sometimes creates a fire hazard to the grass and crop land of Marion County, Kansas; and

**WHEREAS**, once started, these fires are often difficult to control. Out of control fire impacts the resources of

rural fire districts not only financially, but in manpower as well.

**WHEREAS**, the damage caused by out-of-control fires can be minimized by requiring the public to follow certain rules and regulations.

**NOW, THEREFORE, THE BOARD OF COMMISSIONERS, MARION COUNTY, KANSAS, DO HEREBY RESOLVE AS FOLLOWS:**

**I. DEFINITIONS:** The following definitions apply to this resolution:

1. **Open Fire/Burn:** Any fire that is not started and contained in a non-combustible container for the duration of the burning activity. 2. **Grass/Crop Fire:** Grass and/or crop stubble, intentionally ignited for the purpose of land management. 3. **Brush Fire:** Wood, as reasonably made free of metal as possible, and in its natural form arranged in piles or similar, intentionally ignited for the purpose of disposal.

II. REGULATIONS AND REQUIREMENTS – OPEN FIRE-BURN AND GRASS/CROP FIRE:

Any person starting a fire for an open burn or grass/crop fire as defined herein shall comply with the following: 1. Prior to any such burning, the dispatcher at the Marion County Sheriff's Office at 620-382-2144 shall be notified of the intent to burn within **120 minutes** prior to the ignition of the fire. Information concerning the location, including specific travel directions, approximate beginning time and approximate length of time the burn will occur shall be given to the dispatcher at the time of the notification. In the event the fire is not started within 120 minutes of the estimated time, a new call must be placed to verify intent and permissibility to burn before ignition takes place. 2. No open fires shall be allowed if the Marion County Sheriff's Department dispatch deems conditions to be too dangerous as identified in the current Burn Resolution 2025-08. The Marion County Sheriff's Department shall use the Grassland Fire Danger Index ([www.weather.gov/ict/fire](http://www.weather.gov/ict/fire)) to determine whether or not an open burn will be authorized. If the index is **VERY HIGH** or **ABOVE** during the estimated duration of the burn, within the identified quadrant, (see appendix 1) no open burning shall be authorized. 3. All open fires shall be attended by a competent person from the time of ignition to the time the fire is contained. Reasonable means must be immediately available to control or contain the fire. a) A person shall not conduct a burn that creates a traffic safety hazard. If conditions exist that may result in smoke blowing toward a public roadway, the person conducting the burn shall give adequate notification to the highway patrol, Marion County Sheriff's Office, or other appropriate state or local traffic control authorities before burning; b) A person shall not conduct a burn that creates an airport safety hazard. If smoke may affect visibility at an airport, the person conducting the burn shall give adequate notifications to the appropriate airport authorities before burning. c) Burning at night is discouraged due to the elevated risk to emergency response personnel and to those seeking to contain the prescribed burn. 4. The person igniting the open fire assumes all responsibilities for any fire damage or loss of life, that may result from said fire to any real or personal property. 5. The Marion County Emergency Management Director based on the recommendation of the incident/unified command, may impose a temporary countywide burn ban, during a state of immediate emergency, during which time no burning will be allowed under any circumstances. In the event that the Emergency Management Director exercises this authority, they shall notify the Marion County Commissioners as soon as it is practicable. The County Emergency Management Director shall have the authority to remove the temporary ban as soon as conditions safely allow. 6. The Fire Chief of each fire district and/or municipality and/or contracted fire protection area and/or township shall have the authority to impose a burn ban in their district or area of responsibility when they deem it necessary, during a state of immediate emergency. This authority shall only be implemented if the removal of department resources from a current emergency will create an immediate or elevated hazard to life or property. No new burning will be allowed in said district, municipality, contracted fire protection area, or township under any circumstances. This temporary burn ban shall expire automatically after a period of six hours unless extended by the Fire Chief in charge of the incident. Extensions of this ban shall be for a period of three hours each. No more than two periods of extension shall be permitted without the approval from the Marion County Commission. The Fire Chief may, at his/her discretion, remove the temporary ban at any time prior to the automatic expiration. 7. This resolution may be subject to review on an annual basis by a committee of Fire Chiefs and Landowners. 8. The website that will be used by the Marion County Sheriff's Office dispatch to find fire / weather conditions for open burning is: [www.weather.gov/ict/fire](http://www.weather.gov/ict/fire)

III. REGULATIONS AND REQUIREMENTS PERTAINING TO BRUSH FIRE AND PILES:

Any person igniting a brush pile fire as defined herein shall comply with the following: 1. Prior to any such burning, the dispatcher at the Marion County Sheriff's Office at 620-382-2144 shall be notified of the intent to burn within **120 minutes** prior to the ignition of the fire. Informa-
