Visitors from younger to older
play at Oswego Golf Course

Having a golf course in town offers tremendous value—but having one as user-friendly as the Oswego Golf Course is an even greater asset. Not only does the course draw people into the community, which supports local businesses, but it also contributes to the town's revenue through sales tax.

A golf course adds appeal to our town and serves as an attractive amenity for both residents and visitors.

What makes our course truly special is its welcoming

atmosphere. Just the other day, I saw a wide range of golfers enjoying the course: a group of eight men playing together, a young family with two small children, and four out-of-town visitors experiencing our course for the first time.

Each group came with different needs and expectations—and the Oswego Golf Course delivered for all of them.

The course is really starting to green up nicely. Thank you to everyone for following

the 90-degree cart rule, replacing divots, and repairing ball marks on the greens.

These small actions make a big difference and help maintain great playing conditions for everyone.

As the weather continues to warm, we invite you to come out and enjoy the beauty and charm of our unique course.

We look forward to seeing you on the greens!

Happy Golfing!
