the \$1 million threshold.
Faust said the city will be responsible for other expenses associated with the project including the design, acquisition of land for rights-of-way and relocating

utilities. He said the city will have to pay all of these expenses.
Faust said it is estimated that the construction for the project will total between \$1.2 million and \$1.3 million. The additional cost for inspection work is estimated to be between \$150,000 and \$190,000.
Solicitation of construction bids for the project is tentatively

scheduled for September.
Faust said there is one piece of property that still needs to be acquired for the project.
He said the construction work would start in earnest in spring 2026.
During Tuesday’s meeting, commissioners approved the agreement with KDOT and a

resolution to grant the state’s secretary of transportation the authority to act for the city.

speech and the odor of alcohol.
Dickerson refused to take a breath test.

As he was being escorted to a police vehicle, Dickerson attempted to pull away from officers. The officers placed him on the ground. He rolled onto his side and began kicking one of the officers in chest and legs, according to the news release.

Dickerson was also charged with driving with a suspended license. But this charge was dismissed Monday, according to online court records.
Sentencing is scheduled for May 23.
“We’re pleased with the jury’s verdict

in this case,” County Attorney Todd Thompson said in the news release. “Our law enforcement officers put themselves in harm’s way every day to keep our communities safe, and they deserve to be treated with respect, not violence.”
