With this extreme heat we have been having, earlier in the year than usual, please keep an eye on your outdoor pets. Make sure they have plenty of water and change it daily to help prevent mosquitoes from laying their eggs.

People also need to stay hydrated. It is very important

with the high temps and even higher heat indices, that you drink plenty of Water. Drinking coffee, tea, pop or energy drinks is not good in this extreme heat.

Gatorade and Powerade are good to drink, but you still need plenty of water also.

And remember the parade time has been moved to 6 pm!
